Here's Your Opportunity to Have a Fine Tulip Garden at a Low Cost

The tulip is, in many respects, an ideal flower for spring gardening. Almost every conceivable color, except certain shades of blue, is available. The different types give a wide variation to choose from and extend the blooming period from early April until June.

Purchasing your tulip bulbs from us insures your getting ABSOLUTELY FRESH NEW STOCK as all the tulips we offer are being imported DIRECT FROM HOLLAND. They will arrive in this country about the first of September. We expect to begin making deliveries around September 20th.

The bulbs we are offering are all large size for outdoor planting. We know they will be most satisfactory. Now is your opportunity to develop the tulip garden you have wanted so long. Considering high quality of bulbs offered our prices are exceedingly low.

DARWIN TULIPS

Named Varieties — \$0.90 doz. — \$6.00 per 100 — Mixture — \$0.75 doz. — \$5.00 per 100

These are the large tulips on the long showy stems which you so much admire every year. The Darwins produce vivid, striking color effects, making a beautiful show when planted in solid beds or massed in the border. They require little care.

BARONNE DE LA TONNAYE — A rich, vivid pink further beautified by its luxuriant foliage. A strong sturdy grower.

BARTIGON — Fiery-crimson, white center.

CLARA BUTT — Clear pink, flushed with delicate salmon-rose. Medium size flower of excellent form.

INGLESCOMBE YELLOW — A large globular flower of beautiful canary-yellow color.

FARNCOMBE SANDERS — Scarlet, inside vivid cerise-scarlet with white base. Large flowers.

PHILIPPE DE COMMINES — Velvety dark purple, early, strong stem. One of the best dark varieties.

PRIDE OF HAARLEM — Brilliant rosy-carmine, with blue base; very large flower of superb form, borne on a tall, strong stem.

REV. EW BANK — Vivid heliotrope-lilac, with lighter tint at margin.

WM. PITT — Very fine scarlet with a darker shade on outer petals. Large flower of distinct color and great beauty.

WM. COPELAND — Rosy-lilac, highly recommended; the earliest of all.

BREEDER TULIPS

Named Varieties — \$1.00 doz. — \$7.00 per 100 — Mixture — \$0.85 doz. — \$6.00 per 100

This type is identical to the Darwins from the size of the flower to the time of blooming. Really the color range is the only difference between them, the Breeders having a wide rich variety of pastel shades, while the Darwins carry the rich flaming colors. When these two types are planted together they make a gorgeous display.

BRONZE QUEEN — Soft buff, inside tinged golden-bronze; a large flower of sturdy habits.

CARDINAL MANNING — Rosy-violet, flushed dull bronze.

COON PEDRO — Finest deep coffee-brown with a narrow edge of golden-brown.

LOUIS XIV — Dark purple flushed with bronze, broad margin of golden-brown. Base is black, tinged green and starred with yellow. Surely a magnificent tulip.

LUCIFER — A bold gorgeous fiery-orange. Fine exhibition variety.

PANORAMA — Immense flowers of a deep orange-red shaded mahogany.

PRINCE OF ORANGE — Deep orange-red, golden-orange margin.

ST. JAMES — Dark lilac, edged bronze, shaded rose; inside mahogany, shading to golden-bronze.

VELVET KING — Fine deep purple-maroon.

YELLOW PERFECTION — Light bronze-yellow, edged golden.

SINGLE EARLY TULIPS

Named Varieties — \$0.85 doz. — \$6.00 per 100 — Mixture — \$0.70 doz. — \$4.75 per 100

The single early tulips are in a class by themselves. Few, if any, of the spring blooming flowers make a better showing. Their gay colors proclaim that "spring formal beds, in the borders, or when planted on either side of the front door. They do not make as large a display as the Darwins, yet they are much desired because of their much earlier blooming qualities.

CHRYSOLORA — Large flowers of pure yellow. Excellent for bedding because of their long lasting qualities.

COTTAGE MAIO — White; edged with rose. An extra fine variety; splendid for bedding.

COULEUR CARDINAL — Brilliant crimson. Large fine shaped flower. One of the best.

DE WET — Deep orange, shaded golden-yellow at the base of the petals. Large, sweet scented flowers.

FRED MOORE — Deep, ruddy-apricot, shading at the edges of the petals to dull orange-yellow; center marked olive-green. Sweet scented. Medium size flower.

PINK BEAUTY — Deep rose with white flush outside. Very large well formed flowers.

PROSPERINE — Bright carmine-rose. Very large.

PRINCE OF AUSTRIA — Fine orange-red. Brilliant scarlet inside. Very large globular flower. Holds up well. Sweet scented.

VAN DER NEER — Clear deep violet. Fine large flower.

VERMILLION BRILLIANT — Dazzling vermilion-scarlet, with a yellow base. Large, well formed flowers.

YELLOW PRINCE — Bright yellow, feathered with red when in full bloom. Very fragrant.

COTTAGE TULIPS

Named Varieties — \$0.90 doz. — \$6.00 per 100 — Mixture — \$0.75 doz. — \$5.00 per 100

This type is characterized by their many shapes from the long, pointed, reflexed sort to the round, cup-shaped kinds. They all have the grace, beauty and elegance that comes from years of careful breeding and selection. They come in a wide range of color, blooming in May.

CALEONIA — Orange-vermilion. Very distinct.

GESNERIANA SPATHULATA MAJOR — Dazzling rich crimson-scarlet, with glittering blue-black base.

GRENAOIER — Brilliant orange. Flowers large open 10 to 12 inches across.

INGLESCOMBE PINK — Salmon-pink with a blue base. Very fine.

JOHN RUSKIN — Deep rose-salmon, edged pale yellow. Inside of flowers lilac tinted with soft rose and yellow margin.

LA MERVEILLE — The large, sweet scented, flowers

of a beautiful orange-red color make this a magnificent variety.

MOONLIGHT — The long fine oval shaped flowers of this delightful variety are a light soft yellow color.

MRS. MOON — This very popular variety has large pure yellow sweet scented flowers.

ORANGE KING — Deep orange, shaded rose. Inside is deep orange scarlet with yellow base. Large sweet scented flowers.

PICOTEE — The long, clear white, pointed and elegantly reflexed petals are exquisitely margined and penciled on edges with bright pink.

PARROT TULIPS

Named Varieties — \$1.15 doz. — \$8.00 per 100 — Mixture — \$1.00 doz. — \$7.00 per 100

The Parrot Tulips are vastly different from all the other types. Their strong, ragged edged shapes quickly impress those who see them. Because of their artistic forms and coloring, they are very desirable for cut flower purposes.

ADMIRAL OF CONSTANTINOPLE — Orange-red.

CRAMOISI BRILLIANT — Rich blood-crimson with blackish markings. Very large.

LUTEA MAJOR — Yellow lightly suffused scarlet. Very large.

MAARKGRAAF — Inside rich orange, outside scarlet and yellow feathered.

PERFECTA — Large yellow and scarlet flowers.

SUNOEW — Bright red with fringed edges.

ORDER PEONIES NOW FOR FALL PLANTING

I have personally gone over the selections offered in these collections, checked the stocks, and can say unqualifiedly that there is genuine value in these offers. All the peonies have

been well cared for and the roots are of the finest quality. All roots will be standard 3 to 5 eye divisions. There is a real joy awaiting those who grow Kunderd Peonies.

A. E. Kunderd

"OLD TIMER"

A \$2.35 value for **\$1.50**

PREPAID

Here is a group of favorites that will always be in demand. If there is only room in the garden for four peonies these are the ones to buy. Their most exquisite flowers will thrill you.

BARONESS SCHROEGER — Rating 9. Opens a soft, delicate baby pink shading to white as the flower becomes fully developed. Sweet rose fragrance. Strong, upright growth. One of the aristocrats of the peony world. 50c each.

KARL ROSENFELD — Rating 8.8. A large semi-rose type flower of rich velvety crimson. Strong, upright grower. Very prolific bloomer. Should be in every first class collection. 75c each.

MONSIEUR JULES ELIE — Rating 9. Often called King of all pink peonies, truly a sensational flower. The center an immense ball of imbricated petals, incurved like a huge chrysanthemum. Early. 50c each.

PRESIDENT TAFT — Rating 8.7. Very large late midseason, produces very large, light lilac, double blossoms. One of the finest peonies in the world. Beginners in peony culture should include this variety in their gardens. Fragrant and lasting. 60c each.

"Get Acquainted Collection"

A \$4.10 value for **\$3**

PREPAID

The six beauties offered here represent a worthwhile bargain. Every one of them will make a good appearance in your garden. You will be proud to own these favorites.

CATHEORAL (Jap) — Rating 8.1. Heavy guard petals of violet or rose pink. The center is filled with finer petals or petaloids of a lighter shade of pink. One of the very best for landscape effect. \$1.00 each.

EDULIS SUPERBA — Rating 7.6. The first good early deep pink, often opening in the north for Decoration Day. Flowers are large, borne profusely on tall, strong stems. A loose, crown type flower, of a beautiful deep pink. One of the greatest of all cut flowers in its color and season. 40c each.

FESTIVA MAXIMA (Mieliez) — Rating 9.3. Large full blooms of purest white, flecked crimson. Early and very fragrant. 65c each.

GROVER CLEVELAND (Terry) — Rating 8.2. Rich, dark crimson. Late midseason. Fine. 65c each.

LORA OEXHEIMER (Brand) — Rating 8.4. Intense crimson, shading darker. Early midseason. 65c each.

OPHIR (Jap) — Large flowered with pinkish guard petals. Full golden yellow center. 75c each.

"FANCIERS' COLLECTION"

An \$8.00 value for **\$5**

PREPAID

We call this the "Fanciers' Collection" because it contains the exceptional kinds: Le Cygne, the highest rated peony; Martha Bulloch, that monstrous pink variety; Mons. Martin Cahuzac, the very darkest red peony; and Nina Secor, a beautiful tall white. This collection will please any fancier.

LE CYGNE (Lemoine) — Rating 9.9. A pure white double with incurved petals of most excellent quality. Blooms are of good size and when perfectly grown look as if they had been carved from the purest marble. \$2.50 each.

MARTHA BULLOCH (Brand) — Rating 9.1. A deep pink, double peony of the very largest size. Late blooming. Formation of blooms is perfect and they hold their color well. \$1.75 each.

MON. MARTIN CAHUZAC (Dessert) — Rating 8.8. The very darkest red peony in the world, sometimes called the "Black Peony." Young plants are apt to be semi-double, but on strong three year old plants the blooms grow very large and very full, almost completely concealing the beautiful yellow stamens which are hidden among the very dark petals. \$1.25 each.

NINA SECOR (Secor) — Rating 9. One of the tallest white varieties, blooming late. This variety is very valuable for producing high grade, pure white show blooms. \$2.50 each.

"GRANDEUR COLLECTION"

A \$14.35 value for **\$10**

PREPAID

If perfection can be reached in a group of six peonies, we believe it has been attained in this offer. Where can you buy six peonies of such high calibre as these for the price we ask for this Grandeur Collection?

AMA NO SODE (Jap) — Rating 9.2. Splendid upright stems carry the large flowers which have very wide, deep rose guard petals surrounding a bunch of beautiful wide petaloids of rose color with very little yellow on them. Splendid size, distinctive color, excellent quality in its petals, and the laterals which bloom late in the season give it a very long blooming season. \$5.00 each.

AUGUSTE DESSERT (Dessert) — Rating 8.7. A medium tall, deep rose color, double peony with wide petals, edges of which show a delightful silver tone. It shows some stamens which give a beautiful effect among the pink petals. \$1.60 each.

MRS. EDWARD HARDING (Shaylor) — Rating 9.3. The original "One Hundred Dollar Peony," which created such a great sensation some years ago. Its white blooms with splendid large petals are held perfectly on strong, substantial stems, which are not too stiff for gracefulness. Blooms early. \$2.25 each.

PHILIPPE RIVOIRRE (Riviere) — Rating 9.2. The very best red peony in the world. It has every qualification of a good peony — perfect color, splendid fragrance, regular shape, good substance, graceful stems and attractive bloom on its laterals. \$3.00 each.

PRIMEVERE (Lemoine) — Rating 8.6. One of the best yellow peonies. In order to see the real beauty of this yellow peony, the buds should be covered with paper bags, removing them when the bloom has been cut and taken indoors, where, when kept away from the extreme sunlight, it retains the beautiful yellow tone for several days. \$1.25 each.

WALTER FAXON (Richardson) — Rating 9.3. The color of this beautiful pink peony has less of the violet tone than any other pink variety of equal depth of color. Because of its softness of tone, it is considered by many peony experts to be the best real pink. There is a slight suggestion of shrimp pink in the color tone. Exceedingly popular. \$1.25 each.

EVERLASTING ENJOYMENT FROM THE PERENNIAL GARDEN

Make Your Own Selection from the Most
Popular Varieties Listed Below

Flower lovers everywhere are giving much more attention to the perennial garden. Perennials are the flowers which grow year after year. With good care their loveliness increases each season. Plant them for permanent beauty in your garden. They do well in borders, in front of shrubbery, around the pool, in fact, most anywhere except single plants dotted here and there around the yard.

ANCHUSA — The brilliant blue of this flower cannot be surpassed for producing a mass effect.

AQUILEGIA — or Columbine is one of the most beautiful of all hardy plants and make themselves at home in any hardy border. Bloom from late Spring through the early Summer months.

CARNATION (Hardy Red) — A beautiful perfectly hardy dark red carnation; blooms all summer.

COREOPSIS, GRANOIFLORA — One of the best hardy plants. The large, bright yellow flowers of this improved variety are fine for cut flower purposes.

GYPSOPHELIA (Baby Breath) — A beautiful old fashioned plant possessing a grace not found in any other perennial.

GAILLARDIA, GRANOIFLORA (Blanket Flower) — This is considered one of the most beautiful and desirable plants in cultivation; blooms all summer. Base of petals is scarlet-crimson, bordered golden yellow.

HELIOPSIS (Orange Sunflower) — This lovely perennial will provide many fine blooms for cut flowers. It grows about 3 feet and is a beautiful golden yellow.

HEUCHERA (Chinese Coral Bells) — The graceful plant grows in rosette-like form and produce numerous slender, erect stems about 18 inches high above the light green foliage that last in good condition for a long time. Flowers excellent for cutting. Perfectly hardy—blooms profusely.

KOREAN CHRYSANTHEMUM — A recent introduction from Korea. Grows about 2 feet high and is loaded with large white flowers with golden centers, generally becoming tinted pink in frosty weather.

LIATRIS (Blazing Star) — Very showy and attractive, with long graceful spikes of rosy-purple flowers from July to September. Grows 3 to 4 feet and is perfectly hardy.

LOBELIA CARDINALIS — Rich, fiery cardinal flowers, often producing 4 to 6 spikes, 24 to 30 inches long.

LYCHNIS CHALCEDONIA (Jerusalem Cross) — Flower heads of brilliant scarlet, 15 inches.

MONAROA OIDYMA ROSEA (Berganiet) — A mass of bright scarlet flowers with fragrant foliage, 18 inches.

PYRETHRUM (Painted Daisy) — Showy, hardy perennials, growing 2 feet in height, with most brilliant and lasting flowers during last of May and through June.

PLATYCODON (Balloon Flower) — Large, showy deep blue flowers blooming from June to October. Good for rock garden and border.

SHASTA DAISY (Chrysanthemum Maximum or Moonbunny) ALASKA — Shasta Daisies are classed among the most known hardy plants. Alaska is an improved variety with large white blooms.

STATICE LATIFOLIA (Great Sea Lavender) — Valuable either for border or rockery. Leathery leaves and immense candle-like heads, frequently 1½ feet high and 2 feet across, of purplish-blue minute flowers during July and August.

SWEET LAVENDER - VERA — The true Sweet Lavender. Grows 18 inches high, wonderfully fragrant, blue flowers in July and August.

VERONICA LONGIFOLIA — A pretty 2 foot border plant with attractive foliage of distinct character, a roughened bronze green. Flowers abundantly in July and August, on long compact spikes of deep blue.

DELPHINIUMS
FAMOUS BLACKMORE AND
LANGDON STRAIN **\$1.89**
Postpaid to you

Delightful DELPHINIUMS

The refreshing beauty of the graceful delphiniums make them a cherished possession in the garden. Their long showy spikes stand out gloriously and they make a gorgeous display either in the garden or when used for cut flowers.

The Blackmore and Langdon Hybrids we offer are the famous English strain and one of the finest developments

in the Delphinium family. They produce enormous flowers on solid, erect, tall spikes. Colors range from delicate shade of blue, to mauve and pink.

To grow them is to love them. Once you have a good start of these newer Delphiniums you will never be without them.

violet; F. — deeper. Very choice. \$1.50 each.

MAOAME BOYER — A medium size bloom of a distinct red tone. A mass planting gives a deep rose effect. \$1.00 each.

TRUE CHARM (Stutt.) — Rating 8.8 3-1/3 ft. The flowers are white with margins delicately etched, lavender-blue. 20c each.

A Real Bargain...

Chrysanthemums for Late Fall Blooming

all **7** varieties
Postpaid **\$1.49**

The gorgeous chrysanthemums come at a time when flowers are scarce. These graceful and beautiful flowers make a very effective display in the garden, blooming profusely even after frosts. They are excellent for cutting. When making a fall planting of chrysanthemums, they must be protected for the winter with two inches of straw or some loose material (not leaves) as too close covering will smother them.

ALICE HOWELL — A beautiful variety of orange bronze color.

AUTUMN GLOW — Rosy crimson, large flowers.

BABY DOLL — Rich shade of bronze with golden reverse. Flowers very full. Excellent garden variety. Blooms in September.

LAOY BEATRICE — A magnificent new lavender.

MITZI — Yellow. Blooms profusely in September and October. Button variety.

MRS. ADOLPH JAENICKE — New. A very pretty red with copper shading.

PINK DOTY — Tall upright flower stalk with large head of pink pompom flower. Blooms in September.

The WONDER LILY of the CENTURY

∴ *Philippenense* FORMOSANUM ∴

We can now offer good stock of young vigorous plants from the 1934 crop. No lily has ever had a greater reception. It is the Finest — Most Beautiful — Most Talked of variety in the world. Its popular name, "The New Wonder Lily," adequately describes it for it truly is a Wonder Lily.

This is the same lily first offered to the public at popular prices by Kunderd's in 1933. Orders came in such tremendous quantities that our stocks were soon exhausted. We tried to obtain bulbs from other growers to take care of our orders, but were unsuccessful. Naturally, many customers had to be disappointed.

Realizing that only a very limited number of our garden loving friends obtained bulbs of the Wonder Lily last year, we immediately started to acquire a large stock for this Fall's delivery. We are now in a position to take care of your orders for "The New Wonder Lily," so send them to us at once. Every order will receive best attention and the bulbs will be shipped in September and October.

Be the first in your neighborhood to grow the New Wonder Lily and have something really new to show your friends.

NOTE: As soon as the first spike or spikes have bloomed, additional plants appear which bear continual blooms until stopped by frost. The flowers have the long trumpet form and the throat is about the same color as the Easter Lily. In other characteristics, it resembles the Regal Lily. Plants are very sturdy with bountiful foliage on long leaves.

OTHER GARDEN LILIES

HEMEROCALLIS (DAY LILY)

Hemerocallis, A. E. Kunderd, is a new seedling originated by A. E. Kunderd. It is a beauty — the petals being elegantly waved and of the finest lemon yellow color. Flowers open in the evening. It is tall, medium late blooming, strong and vigorous.

Every garden of hardy perennials should contain some Hemerocallis. These popular plants belong to the Lily family. They are of easiest culture, thriving in any good garden soil.

3 CLUMPS \$1.00
POSTPAID

Elegans and Umbellatum Lilies

ELEGANS — Very hardy dwarf lilies. Thrive well in any garden. Produce large, erect flowers in June and July of an orange red color.

UMBELLATUM — This lily flowers in June, producing large, rich orange flowers shaded red. Easy to grow. Make a very effective showing when grown among shrubs or in the perennial border.

We offer 5 bulbs of either variety for \$1.00, postpaid. They will be labelled for identification.

5 BULBS for \$1.00
POSTPAID

Tigrinum Lilies SINGLE DOUBLE

This is the old lily of grandmother's garden. Exceptionally easy to grow, and is very hardy and vigorous. Produces an abundance of large, showy, brilliantly colored flowers in August and September. Flowers are rich orange-scarlet spotted crimson-brown.

We also offer the double form of the same lily, Tigrinum Flore Pleno. You can have either variety at the price quoted. Be sure to state in your order whether you desire the single or double variety.

6 BULBS for \$1.00
POSTPAID

Tenuifolium Lily (CORAL LILY)

In early June this pretty little lily begins to bloom. The flowers are a bright scarlet with recurved petals. It grows from about 12 to 18 inches tall. Most desirable for use in the rockery or in the foreground of the perennial border.

5 BULBS for \$1.00
POSTPAID

Consider the Majestic REGAL LILY

A Gem, Found in the Mountains of China,
is the Regal Lily which startled the Flower World.

There is something awe-inspiring about this lily in bloom. Whether it be tradition or the beauty of the flower itself, we cannot say. Everyone who grows the Regal Lily feels he has a rare and choice possession.

It is one of the most beautiful and one of the hardiest lilies in cultivation. It is a lover of loam and sunshine. It is a strong grower, 4 to 6 feet high and when completely established produces as many as eighteen or more flowers.

Throat of the flower is flushed with yellow, shading to white at outer edges; externally, the flowers are brown or pink, on "ribs" shaded through the almost translucent petals with a delightful pearly tint; the contrast between the rich wine or pink color on the reverse of the petals and the gold shading of the throat is extraordinary and beautiful.

The bulbs we offer are of good size and will produce magnificent flowers next June and July. Complete cultural directions sent with each order.

HERALDS of SPRING

*An Offer That Is Really
Different*

**All Those Dainty Little Spring
Flowering Bulbs You've So Much
Admired**

Scillas, Crocus, Snow Flakes, Snow Drops, Chionodoxa, Muscari and the Hardy Gladiolus species — Atrovio-laceous — you'll find them all in this collection at blooming time.

Select a little nook in the garden where you can tuck these bulbs in — or if you have a rockery, plant them in it, for they are well adapted for the rock garden. You will be thrilled when these beautiful little early spring flowers begin to bloom.

The illustration at the right shows the Muscari (grape hyacinths), Scillas, the small blue flower, Snow Drops, the white one, and the Chionodoxa, the small blue flowers with the white faces. All these bulbs should be planted where they can be left undisturbed and they will flower nicely each Spring. The \$1.25 you invest in this collection will be very well spent and we know you will be most pleased with them.

Each — HERALDS of SPRING collec-
tion contains 4 bulbs each of the 7
different varieties mentioned.

PLANT PHLOX NOW FOR BLOOMS NEXT SUMMER

Of all the hardy perennial Summer flowers, the phlox are perhaps the most dazzling of all. Planted in the perennial border or in a separate bed by themselves, they make a showing that adds much grace and charm to the garden. A little extra attention in the way of judicious pinching back and cutting off the faded flowers will make it possible to have a continuous succession of bloom until frost. Give them plenty of water during the blooming season. They succeed well in most any position. The splendid range of marvelous colors make them all the more desirable.

JUST GIVE THEM ORDINARY CARE, THEN WATCH THEM REWARD YOU WITH FINE BLOOMS YEAR AFTER YEAR.

ATHIS — Salmon.

BARON VON DEDUM — Robust grower of orange-scarlet.

BRIDESMAID — White, red eye.

CHAMP ELYSSES — Dark purple with large trusses.

ECLAIREUR — Brilliant rose-magenta, with lighter halo.

ENCHANTRESS — Bright salmon-pink with dark eye. Strong grower with rich, green, glossy foliage.

EUROPA — Pure white with small crimson-carmine eye. Very large individual flower and truss.

FIREBRAND — Bright vermilion-scarlet with deeper center. Very large, showy trusses borne profusely. Strong, robust plants.

GRAF ZEPPELIN — Pure white flowers with vermilion-red eye, very free flowering, and a good grower, a strikingly beautiful new variety.

INNOCENCE — Pure white.

JULES SANDEAU — Dwarf; very large flowering, pure pink; extra fine variety.

MARSHAL FRENCH — Best red that has ever been grown. Retains the beautiful carmine color over a period of many days.

MRS. CHAS. DORR — Lilac.

MRS. WM. JENKINS — Pure white, late flowering, grows very fast and is of medium height. A splendid sort for planting in masses.

PAINTED LADY — Silver pink with salmon shadings and cherry red eye. A strong upright grower with large masses of flowers; one of the most delicately colored and pleasing of the hardy Phlox.

PROF. VIRCHOW — Carmine, shaded brilliant orange-scarlet.

R. P. STRUTHERS — Bright rosy-carmine, with claret-red eye.

RHINELANDER — Deep salmon-pink, with a distinct bright red eye.

RHINESTROM — A splendid new Phlox with gigantic flowers of a bright pink. Quite tall; continues in bloom until frost.

SIEBOLDI — Red.

WINEDOT — Pink, red eye.

WIDAR — Red violet, with large white eye.

MORE DUTCH BULBS AT BARGAIN PRICES

2 DOZ. HYACINTHS \$2.⁹⁹
Assorted as to Color **Postpaid**

The illustration below shows a typical spike of the magnificent hyacinths. The hyacinth is one of the most delightfully fragrant flowers. They may be planted indoors in pots or bowls for blooming during the late winter months. For outdoor growing, they should be planted in the Fall. They will make a gorgeous showing during the Spring — blooming along with the tulips.

Each and every bulb we offer comes directly from Holland. They are all large size bulbs for outdoor planting.

Pick the colors you wish as these hyacinths have been selected to insure uniformity, height and blooming. We offer them according to colors — **WHITE SHADES** — **LIGHT BLUE SHADES** — **DARK BLUE SHADES** — **LIGHT PINK SHADES** and **RED SHADES**. Dozen bulbs, \$1.65 postpaid. 2 dozen bulbs, \$2.99, postpaid.

NARCISSI

ASSORTED AS TO
TYPES . . . QUOTED AT
POPULAR PRICES

Narcissi are chiefly used for naturalizing, as they flower year after year. They bring a beauty of yellow colors to your garden that is indescribable. Our offers contain only those varieties that are the hardiest and best adapted for American climate.

We are offering assortments according to type so in ordering be sure to specify which type you prefer.

ALL TYPES MIXED — This assortment contains some of all the different types. Those of you who want as wide a range of Narcissi as possible will find this assortment most satisfactory. Doz. bulbs, \$1.50; 100, \$9.00, postpaid.

ALL RED CUPS AND CROWNS — This type is very beautiful, the cup and crown being of a red and orange-red color. We know they will please you immensely. Doz. bulbs, \$1.75; 100, \$10.00 postpaid.

ALL TRUMPETS MIXED — These are the large Narcissi with the long trumpets. Look best when planted in groups or when naturalized in beds where they can be left undisturbed. Doz., \$1.75; 100, \$10.00, postpaid.

PAPER WHITES — All that is needed to grow these Narcissi is the bulbs, a bowl, some pebbles and a little water. Paper whites are a sure crop to bloom. They will give you blooms in the home during the cold winter months. Doz., \$2.00; 100, \$12.00, postpaid.
